Personal Statement

Business & Management graduate with experience analysing customer accounts, pricing, contracts and operational data to support business decisions within a multinational organisation. Skilled in Excel reporting, commercial administration and investigating pricing discrepancies, with a strong attention to detail and an interest in data analysis, pricing strategy and market research. Seeking to develop within a Pricing & Data Analyst role where analytical thinking and judgement adds value.

Work History

ELIS, Lutterworth

August 2025 - Current

Account Executive

- Analyse customer pricing, contracts and account information to prepare quotations, calculate early termination charges and determine accurate balances of contract and residual values.
- Investigate pricing queries, invoice discrepancies and account issues by comparing customer records, service history and contractual information to identify root causes and recommend appropriate commercial solutions.
- Produce and maintain Excel reports to monitor operational activity, customer accounts and service performance, ensuring accurate data is available for management decisions.
- Process credit notes, pricing amendments and account updates while maintaining high levels of data accuracy across internal business systems.
- Work closely with operations, logistics and customer service teams to resolve issues while maintaining service quality.
- Prioritise multiple customer accounts simultaneously, ensuring deadlines are met while maintaining attention to detail.
- Build strong relationships with customers through clear communication and professional account management.

Aston University, Birmingham

June 2024 - August 2024

Student Project Officer

- Coordinated multiple project activities across internal stakeholders, supporting successful project delivery through effective planning, organisation and communication.
- Produced project reports, maintained documentation and monitored progress across multiple workstreams.
- Worked collaboratively with internal teams to manage priorities, improve communication and ensure project objectives were delivered successfully.

Showsec, Birmingham

Dec 2021 – Jan 2023

Events Steward

- Delivered customer-facing support while maintaining compliance with venue procedures.
- Assisted with incident reporting and event operations across high-capacity venues.
