Personal Statement

Business & Management graduate with experience analysing financial and operational data to support business decisions within a B2B environment. Experienced in Excel reporting, pricing calculations, commercial analysis and stakeholder collaboration across finance, operations and customer accounts. Strong analytical mindset with the ability to interpret data, identify trends and provide business insights that improve performance. Seeking to develop a career as a Pricing Analyst where I can contribute analytical solutions, commercial insight and business decision making.

Work History

ELIS, Lutterworth

August 2025 - Current

Account Executive

- Analyse customer account, pricing and financial data to support business decisions across a large portfolio of B2B customer accounts.
- Produce Excel-based reports using Pivot Tables and Lookups to monitor operational performance, identify trends and provide commercial insight to finance and operational stakeholders.
- Calculate contract settlement values, pricing adjustments, quotations and outstanding balances, ensuring financial accuracy and supporting pricing decisions across customer contracts.
- Investigate invoice discrepancies, pricing queries and operational issues through detailed data analysis, identifying root causes and recommending appropriate business solutions.
- Work collaboratively with finance, operations and customer service teams to improve service delivery, resolve commercial issues and maintain accurate financial records.
- Support customer retention by analysing account performance, communicating commercial recommendations and delivering high standards of stakeholder management.
- Maintain accurate financial and operational data within Microsoft Dynamics AX, ensuring data integrity and supporting informed business decisions.

Aston University, Birmingham

June 2024 - August 2024

Student Project Officer

- Collected, maintained and analysed project data to support reporting, project performance and operational decisions.
- Produced reports and monitored project documentation across multiple workstreams, ensuring data accuracy and effective stakeholder communication.
- Assisted with planning, scheduling and coordination activities while supporting continuous improvement across project delivery.

Showsec, Birmingham

Dec 2021 – Jan 2023

Events Steward

- Delivered customer-facing support while maintaining compliance with venue procedures.
- Assisted with incident reporting and event operations across high-capacity venues.
