Personal Statement

Business & Management graduate with commercial finance, business analysis and stakeholder management experience gained within an international organisation. Experienced in analysing financial and operational data, preparing Excel-based reports, supporting business decisions and resolving complex business queries across multiple departments. Strong analytical skills with experience using financial information to support business performance, improve processes and provide insight to stakeholders. Seeking to build a career within a Business/Financial Analyst role.

Work History

ELIS, Lutterworth

August 2025 - Current

Account Executive

- Analyse customer account data, financial information and operational performance to support business decisions and resolve complex account queries across a large B2B customer portfolio.
- Prepare Excel-based reports using Pivot Tables and Lookups to monitor financial performance, identify trends and provide business insights to finance and operational stakeholders.
- Calculate contract settlement values, pricing adjustments and outstanding balances, ensuring financial accuracy while supporting business decisions relating to customer contracts.
- Investigate invoice discrepancies, service issues and operational data to identify root causes, recommend solutions and improve overall service delivery.
- Liaise with finance, operations and commercial teams to gather information, analyse business issues and provide recommendations that support customer retention and operational efficiency.
- Produce quotations, contract amendments and pricing calculations while maintaining high levels of data accuracy and compliance with internal procedures.
- Support credit control activities through financial analysis of customer accounts, maintaining accurate records and assisting with the management of outstanding balances.

Aston University, Birmingham

June 2024 - August 2024

Student Project Officer

- Collected and analysed project information across multiple workstreams to support reporting and project performance monitoring.
- Produced reports and maintained accurate project documentation, ensuring data integrity and timely communication with stakeholders.
- Assisted with planning, scheduling and coordinating activities across multiple departments to support successful project delivery.

Showsec, Birmingham

Dec 2021 – Jan 2023

Events Steward

- Delivered customer-facing support while maintaining compliance with venue procedures.
- Assisted with incident reporting and event operations across high-capacity venues.
