

Dear Recruitment Team,

I am writing to express my interest in the Finance Manager position. As a Business and Management graduate from Aston University with experience in finance and customer account management at Elis, I am excited by the opportunity to develop my career within a broader finance role while contributing to a growing business.

In my current role as an Account Executive at Elis, I have developed strong financial administration and account management skills. My responsibilities include managing customer accounts, credit control, producing credit notes, calculating early termination charges and residual contract values, investigating invoice queries, and resolving billing discrepancies. I regularly liaise with customers and internal departments to ensure financial issues are resolved efficiently while maintaining excellent service standards. This role has strengthened my analytical thinking, attention to detail, and ability to manage multiple priorities.

Alongside my operational responsibilities, I make extensive use of Excel and internal finance systems to monitor account activity, support reporting, and maintain accurate financial records. Working across finance, operations, and customer service has given me a strong understanding of how accurate financial processes support wider business performance.

What particularly attracted me to this opportunity is the chance to broaden my finance experience by taking greater ownership of purchase and sales ledgers, reconciliations, cashflow, and management reporting. I enjoy learning new systems and processes, and I am eager to build on my existing experience while developing the technical accounting knowledge required for a Finance Manager role. The opportunity to work closely with senior leadership and contribute to the continued growth of the business is one I find especially motivating.

I believe my commercial awareness, strong work ethic, willingness to learn, and proven ability to build relationships across multiple departments would allow me to make a positive contribution to your finance team from day one.

Thank you for taking the time to consider my application. I would welcome the opportunity to discuss how my experience, enthusiasm, and ambition align with your requirements and look forward to hearing from you.

Yours faithfully,

Danny Paiva
