Personal Statement

Business and Management graduate with B2B operations experience supporting credit control, account management, reporting and cross-functional business processes within a multinational organisation. Seeking to apply analytical, Excel and problem-solving skills in a Supply Chain Analyst role, supporting operational performance through data driven decision making.

Work History

ELIS, Lutterworth

August 2025 - Current

Account Executive

- Analyse customer accounts, pricing and contract data to produce quotations, calculate early termination charges and ensure commercial decisions are based on accurate financial information.
- Monitor customer accounts, outstanding balances and service performance, investigating discrepancies between operational activity, invoices and customer records before coordinating corrective actions.
- Produce and maintain Excel reports used to monitor driver performance, customer activity and service delivery across multiple routes.
- Work closely with operations, logistics, customer service and internal stakeholders to resolve supply and service issues while maintaining accurate system records.
- Manage customer account administration, updating ERP records, processing credit notes, pricing amendments and contract changes while ensuring data accuracy.
- Identify process inefficiencies and support continuous improvements by streamlining administrative tasks, improving reporting accuracy and reducing delays in customer issue resolution.
- Train and support new colleagues on internal systems, business processes and account management procedures.

Aston University, Birmingham

June 2024 - August 2024

Student Project Officer

- Coordinated multiple project activities across internal stakeholders, supporting successful project delivery through effective planning, organisation and communication.
- Produced project reports, maintained documentation and monitored progress across multiple workstreams.
- Worked collaboratively with internal teams to manage priorities, improve communication and ensure project objectives were delivered successfully.

Showsec, Birmingham

Dec 2021 – Jan 2023

Events Steward

- Delivered customer-facing support while maintaining compliance with venue procedures.
- Assisted with incident reporting and event operations across high-capacity venues.
